**SAALBACH-
HINTERGLEMM**
AUSTRIA

**I M P L A N T O L O G Y
P E R I O D O N T O L O G Y
P R O S T H E T I C S**

Liebe Kolleginnen und Kollegen,

Nun ist es schon das sechste Mal, dass wir Sie zu unseren internationalen Wintersymposien einladen dürfen. Nach vier erfolgreichen Veranstaltungen in Zell am See werden wir wieder, in der Woche vom 21. bis 25. Jänner 2019, zum dritten Mal in Saalbach-Hinterglemm sein.

Die ausgezeichnete Infrastruktur und Hotellerie in Hinterglemm bieten ein höchst professionelles Umfeld und wir sind gemeinsam mit der uns unterstützenden Industrie hochmotiviert, den Teilnehmern neues, innovatives Wissen und praxisrelevante Behandlungstechniken zu präsentieren.

Wir haben wieder eine Reihe von internationalen Experten zu den Bereichen Geweberegeneration, ästhetische Herausforderungen in der Implantologie und sinnvolle Strategien zu unterschiedlichen Versorgungskonzepten eingeladen.

Absolute Top-Referenten, wie Giovanni Zucchelli, Gerhard Iglhaut, Claudio Cacaci, Rino Burkhardt, Nigel Saynor, Anton Sculean, Marc Quirynen, Mariano Sanz, Ueli Grunder und einige andere sind mit dabei.

Diese klinisch orientierte Woche ruht auf drei unterschiedlichen Formaten: 1) Workshops: Hier wird im intensiven Hands-on-Training die eigene Technik verbessert und perfektioniert. 2) Meet the experts: In Kleingruppen zu 8 -10 Personen werden spezifische und praxisrelevante Themen erarbeitet und diskutiert. 3) Seminare: Die Vorträge am Nachmittag befassen sich mit einem breiten Spektrum der Implantologie und einigen anderen Themen.

Wir werden alles tun, um Ihnen wieder eine gut organisierte Fortbildung auf hohem Niveau mit einem attraktiven Unterhaltungsprogramm zu organisieren.

Martin Lorenzoni

Michael Payer

Christof Pertl

INFORMATION

Our approved concept of clinically oriented continuing education will be again based on three different formats of teaching and learning augmentation.

The Workshops:

Don't miss to improve your skills and practical know-how in these intensive hands-on-training courses. A broad spectrum of topics, such as soft and hard tissue augmentation, complication management, application of piezo surgery, immediate implant placement and others, will be covered during the week.

Meet the experts:

In these presentations and discussions we are gathering in small groups to learn, repeat and explore specific themes. It is like an exchange market of opinions under the guidance of experts in the field who bring in their knowledge and experience in an open and honest way.

The Seminar:

The afternoon lectures will include a wide range of subject areas of dental implantology and beyond. As we are meeting for an entire week in a very relaxed atmosphere you will get to know deep insights in the clinical concepts and techniques of the experts we have invited to share their experience with you. You will have much more proximity and ample opportunities to ask and exchange ideas and discuss your own cases. You will be impressed!

Side events and activities

in addition to the comprehensive scientific programme participants have the opportunity to meet new and old friends and to use the charming and relaxed atmosphere for networking.

SUNDAY JAN. 20

Quintessence Day

12:00 - 12:30 **Registration and Welcome Reception**

12:30 - 15:30 **Workshop**

Periodontal Plastic Surgical Techniques to Achieve Stable Soft Tissue Augmentation
(*Giovanni Zucchelli*)

16:00 - 19:00 **Seminar**

Muco-Gingival Aesthetic Surgery

- 16:00 - 16:30** Implants and Bone Augmentation in Young Patients
(*Myron Uhryn*)
- 16:30 - 17:30** Well-Recognized Flap-Designs for Soft Tissue Management
(*Giovanni Zucchelli*)
- 17:30 - 18:00** Afternoon Tea & Coffee
- 18:00 - 19:00** New Ideas & Strategies in Muco-Gingival Surgery
(*Giovanni Zucchelli*)

MONDAY JAN. 21

Camlog Day

08:00 - 09:00 **Registration**

09:00 - 12:00 **Workshop**

Socket Seal Surgery and Connective Tissue Grafts
(*Claudio Cacaci & C. Karabuda*)

12:30 - 15:30 **Meet the Experts**

The Key Issues of Regeneration in Muco-Gingival Surgery
(*Gerhard Iglhaut*)

16:00 - 19:00 **Seminar**

Obtaining Perfect Harmony Managing Hard and Soft Tissues
in the Aesthetic Zone

- 16:00 - 17:15** To Implant or Not for Perfect Anterior Aesthetics
(*Claudio Cacaci*)
- 17:15 - 17:30** Bone-Splitting - Technical Details for Predictable
Success (*Mazen Tamimi*)
- 17:30 - 18:00** Afternoon Tea & Coffee
- 18:00 - 19:00** The Ten Commandments for a Long-term Implant
Success (*Gerhard Iglhaut*)

TUESDAY JAN. 22

Geistlich Day

09:00 - 12:00 **Workshop**

The Use of Geistlich Fibro-Gide® as an Alternative to Autogenous Connective Tissue Grafts & Woundstabilization and Woundintegrity Practice

(Gernot Wimmer & Rino Burkhardt)

16:00 - 19:00 **Seminar**

Mastering Highly Atrophic Situations

- 16:00 - 17:30** The Key Factors of Soft Tissue Regeneration and Perfect Woundhealing *(Rino Burkhardt)*
- 17:30 - 18:00** Afternoon Tea & Coffee
- 18:00 - 18:30** Mastering Bacteria, Infections and Complications around Dental Implants *(Christof Pertl & Michael Payer)*
- 18:30 - 19:00** Antiosteoporotic Drugs and NOACs in Implant Dentistry: is it Safe? *(Daniele DeSantis)*

20:00 - 23:00 **Traditional Austrian Dinner & Party**

WEDNESDAY JAN. 23

Dentsply Day

09:00 - 12:00 **Workshop**

Treating Osseointegrated Implants with Soft Tissue Deficiencies
(*Anton Sculean*)

09:00 - 11:00 **Meet the Experts**

Hard or Soft Tissue Augmentation in the Anterior Maxilla -
When & What? (*Nigel Saynor*)

16:00 - 19:00 **Seminar**

The Aesthetic Challenge - Current Concepts & New Ideas

- 16:00 - 16:45** Enhanced Natural Healing around Implants with L-PRF (*Marc Quirynen*)
- 16:45 - 17:30** From Biology to Specific Clinical Techniques in Periodontal Surgery (*Anton Sculean*)
- 17:30 - 18:00** Afternoon Tea & Coffee
- 18:00 - 18:45** The Aesthetic Challenge for Multiple Anterior Implants (*Nigel Saynor*)
- 18:45 - 19:00** Selective Prosthetic Solutions for the Reconstructed Maxilla (*Martin Lorenzoni*)

THURSDAY JAN. 24

ITI Straumann Day

09:00 - 12:00 **Workshop**

Immediate Implant Placement and Loading -
Clinical Procedures & Pitfalls
(*Michael Payer, Chatchai Kunavisarut & Martin Lorenzoni*)

09:00 - 11:00 **Meet the Experts**

Soft Tissue Management as a Critical Factor for Implant
Restorations (*Mariano Sanz*)

16:00 - 19:00 **Seminar**

Reliable Long Ranging Implant Success

- 16:00 - 17:00** Dental Implants & Periodontitis – How far can we Push the Limits? (*Mariano Sanz*)
- 17:00 - 17:30** Immediate Implant Placement and Loading in the Digital Era (*Chatchai Kunavisarut*)
- 17:30 - 18:00** Afternoon Tea & Coffee
- 18:00 - 18:30** Two-Piece Ceramic Implants – Clinical Procedures & Pitfalls (*Thomas Bernhart*)
- 18:30 - 19:00** Block-Grafts – Techniques and Clinical Outcome (*Norbert Jakse*)

FRIDAY JAN. 25

Thommen Day

09:00 - 12:00 **Workshop**

Hands-on-workshop on Immediate Anterior Implant Placement with Hard & Soft Tissue Augmentation
(Ueli Grunder)

16:00 - 19:00 **Seminar**

Perfect Clinical Skills & Techniques for Long-Lasting Success

- 16:00 - 17:30** Enhancing Bone Growth in the Clinical Reality
(Ueli Grunder)
- 17:30 - 18:00** Afternoon Tea & Coffee
- 18:00 - 18:20** Rehabilitation of Benign Bone Pathological Conditions with Dental Implants
(Victor Palarie)
- 18:20 - 18:40** Innovative Access-Techniques in Muco-Gingival Surgery
(Radoslaw Jadach)
- 18:40 - 19:00** Pink Esthetics - Every Detail Matters
(Michał Szczutkowski)
